Profile

i know computer languages like C,C++
i am proper front end web developer
i am a critical thinker

Education

IIIT Hyderabad (July,2023 - 2027)

Hyderabad

IIIT Hyderabad (International Institute of Information Technology Hyderabad) is a deemed university founded in 1998 as a non-profit public-private partnership (N-PPP). It is the first IIIT in India to operate under this model. IIIT Hyderabad offers undergraduate (UG), post-graduate (PG), and doctoral programs across various streams. The institute has a strong emphasis on technology, applied research, and industry collaboration. Notably, NRI Rajnish Bajpai, an IIITH alumnus, gained fame for his revolutionary mobile app called SmartGaon, which uses AI and technology to track village development and contribute to Digital India¹
